July 2010 ARES reports

ARRL KANSAS SECTION EMERGENCY COORDINATOR

Bob KØBXF

Aug 1, 2010

ARES Activity of JUNE 2010 for JULY report

From the desk of KØBXF, ARRL SEC KS

When do Emergencies happen?

The answer should be, Never, but that just is not true.

Usually when we least expect them is the closest answer.

Are we fully prepared to handle any Emergency that does appear?

YES would be the best answer we could give, but that just isn't so either.

We attempt to prepare thru several methods. TRAINING is the way to go, but no one

likes to admitting they don't have all the answers. Training is a bore.

Where is all the **FUN** that was promised when I first got interested in Ham Radio?

It's out there, you just have to look a bit longer for it.

Where do I find IT?

Have you tried "Special Events"?" A term coined by radio amateurs that refers to public events such as marathons, bike-a-thons, fairs, mall displays, boat races, parades, walk-a-thons and so forth, all affairs of a non-emergency nature, sometimes referred to as "preventative medicine"

Special events are normally held for the enjoyment of the public and often draw large crowds. Golden opportunities for radio amateurs to provide golden PR for Ham Radio. They sharpen our skills and help justify our existence.

Most of all just plain FUN.

Every club should have a Special events coordinator and committee, who is yours.

Kudo's to Larry WØAIW for keep up a list of activities going on in the KC Metro. Anyone else doing the same in other parts of the state of Kansas???

SPECIAL EVENTS, FUN, EMERGENCY COMMUNICATIONS TRAINING, FUN, respect and admiration of the local public, FUN, and most of all it puts the FUN back in the hobby.

Now just report it all to Ron KBØDTI, ARRL SM KS, and KAR thru Orlan, WØOYH.

June 2010 ARES activity report is as follows:

Nets sessions held 112, Number of checkins 876 amount of traffic handled 11.

.... ARES Zones reporting. Chapter 110 QCWA 4 sessions 27 QNI. RACES reporting 7 counties reporting. They were Linn, Miami, Mcpherson, Lyon, Barber, Johnson and Brown

Army MARS reporting 414 on the air hours of operation with 173 msgs originated. SATERN local 8 sessions 47 QNI.

SPECIAL EVENTS OVER THE STATE, the **FUN**, not fully coordinated yet, workin' on more **FUN**. Want to help???????

Best 73 Bob Summers K0BXF ARRL SEC KS

73,

Bob Summers K0BXF ARRL SEC KS

ARES Zone 3B Phillips and Norton Co. Bill AAØOM

Well, I passed another milestone with this darn busted leg!!! After 3 weeks finally got my stitches out. Now the incisions are being held together with glue and tape!!!! Swelling about gone. Nurse trainee about lost her breakfast when she saw the incision and the stitches being removed!!! Another 3 weeks before I can put pressure on the leg. Till then I hobble around with one leg and a walker. Therapy 3 times per week. Making great strides with range of movement. Needless to say, I won't be at Salina as I had planned. Tell everyone I said "hello" Bob, I know I am late with the Dist 3B ARES reports for June and July. Was waiting for a couple of net reports for June when my accident happened 17 July. I will be down stairs this weekend to get my paperwork and get the reports for June and July out to you. Have fun in Salina and find me a couple of bargains. 73's

Hope everyone was able to get out to a field day site near them for meet & greet and good in the field operating practice. Field day setup is one of those times to work on your go kit, and after field day is a great time to consider: What did I NEED at field day I didn't have, and what did I have in my 40 pound bag, that I didn't need? Now is the time to organize your kit based on your experiences, thus improving your capabilities for next time.

More great opportunities for practice present themselves throughout July with special events, and at the JOCO ARES meeting on July 12 which will teach you how to operate in the Incident Command system and work with local CERT groups.

Join us at the Olathe salvation army at 7pm next Monday!
