October 2011 ARES reports

Kansas ARES: <http://ksarrl.org/ares>

ARRL KANSAS SECTION EMERGENCY COORDINATOR Bob KØBXF

Ron and I visited Bob at noon Wednesday and we talked with him for over an hour. They had taken him home and instructed him on railings and bars he needed to install. He had memory problems in remembering how to operate his computer.

It looks like sense Bob has been in rehab, lots of hams have forgotten him by not sending Ron Bob's monthly reports and a CC to KAR. That wont look good in Ron's report to ARRL and in KAR. Many thanks to the reporting stns.

Kansas has 105 counties and by the look of the reports we only have 9 Ks hams covering 9 counties. I hope none of you are ill or have family members who are ill. Making a report to our SEC lets him know you are still alive and active or becoming inactive with ARES in your county(s). Be part of the team and report your activity once a month to Bob.

Hope you all sent Bob a get well card.

The vy best 2 U es URS!

Orlan - WØOYH

ARES Zone 3B Phillips and Norton Co. Bill AAØOM

District 3B Phillips and Norton County ARES group conducted 4 nets in the month of September on the AAØHJ repeater in Phillipsburg on 147.120MHZ.

QNI - 24

QTC - 0

Time: 40 Minutes.

Participating stations: AAØOM, KDØARW, KDØCJF, NØRLT, AAØHJ, NØLL, AAØQO, and KØDTS.

At approximately 1615 hours 15 September, AAØOM received a call from the Phillips County hospital requesting activation of the ARES unit to participate in their annual disaster drill. At 1635, AAØOM, KDØARW, KDØCJF, KØDTS, and AAØHJ had assembled at the Hospital. The 2 meter station was on the air at 1640 and the team of KDØARW, KDØCJF and AAØHJ was dispatched to the accident scene (School bus wreck) and reported to the incident commander.

Within 5 minutes their station was on the air and began passing traffic to the hospital via AAØOM and KØDTS. The last message was passed to the scene at 1811 advising them to close down station and return to hospital for critique and meal. This was the first time the 3B ARES team had been activated. We learned a lot. Including what was NOT needed, How many people WERE needed to function in that environment, and what we could do to improve.

Attached is a photo of KØDTS Don Shields (on left) and AAØOM Bill Posson at the station set up at the Hospital.

4 nets = SATERN 80 meter SSB Net

Fall is upon us, and finally an end to the VERY busy public service event season.

Hams throughout the Kansas City area are very fortunate to have the opportunity to practice their skills at the myriad of rides, walk a thons, motorcycle events and parades. New and more leaders are stepping up to organize these events, and everyone has the opportunity to LEAD, not just participate in these events.

Some events leaders have been doing them for more than 25 years, and are ready to hand off to the next generation.

I am encourage our ARES members to take a leadership role next year. There will be new events that ask for our help, as well as others that just need new leadership blood.

They can get started with a Coordinators Toolkit I have put together that includes examples of comm plans, APRS templates, rosters and presentations.

I look forward to hams in KC supporting even more events next year.

SHARC Held our annual Fall Picnic in Scott City, Sept 18th. About 20 people attended, was great weather and lots of good food. Thanks to Matt, KDØEZX for providing hamburgers, and others with great carry in dishes. No one left hungry! Had a ham radio trivia quiz with a prize and our annual QLF, left footed CW, sending contest. Picnic coordinated with Rod's, KØEQH, birthday party.
